

BIOTRONIK Preceptorship Program on Cardiac Resynchronization Therapy

BIOTRONIK
Preceptorship Program

Course Director: Dr. Peter Margitfalvi

Date	Monday, September 12nd – Wednesday, September 14th, 2022
Goal	The program has been designed to be highly interactive and to maximize the active exchange of ideas between participant and proctors. Live cases of CRT implantations with the possibility for hands-on have an emphasis on implantation techniques and trouble shooting. The aim of this CRT training is to build more experience in pocket preparation, LV-lead positioning, intraoperative measurements, device programming and patient follow ups.
