

BIOTRONIK Preceptorship Program on Conduction System Pacing

Course Directors:

PD Dr. med. Guram Imnadze, Prof. Dr. med. Philipp Sommer

Date	Thursday, January 12th, 2023
Goal	The program has been designed to be highly interactive and to maximize the active exchange of ideas between participants and proctors. Live cases of CSP implantations have an emphasis on implantation techniques and trouble shooting. The aim of this CSP training is to build more experience in pocket preparation, lead positioning, intraoperative measurements, device programming and patient follow ups.
